Circular 2025/006: Mileage rate for private vehicles

Ref: 2025/006
Date: 2025-07-01
Subject: Mileage rate for private vehicles

To: All staff
From: Chief Finance Officer

This circular replaces Circular 2023/017. From 1 July 2025 the mileage rate paid to staff who use a private vehicle on official business is UGX 2,200 per kilometre. The increase follows the rise in the pump price of fuel. The other rules in the Expense Policy are unchanged: the journey is approved in advance and the mileage form is attached to the claim.
