Life Insurance Product Guide

Kitara Assurance term life insurance pays a lump sum to your family if you die during the term.

Cover

Cover starts at UGX 10,000,000 and goes up to UGX 500,000,000. Terms run from 5 to 25 years. Cover above UGX 100,000,000 needs a medical examination.

Waiting periods

Death from an accident is covered from the first day. Death from illness is covered after a waiting period of six months. A pre-existing condition that was not declared when you applied can lead to the claim being declined.

Premium

The premium depends on age, smoking and health. As an example, a healthy non-smoker aged 35 pays about UGX 48,000 a month for UGX 100,000,000 of cover over 20 years.

Claims

The family needs the policy number, a certified death certificate, the identity card of the person who died and the identity cards of the beneficiaries. We settle a valid claim within 30 days of receiving the last document. Life claims are paid to the named beneficiaries, not to the estate.

Grace period

A missed premium may be paid within 30 days without losing cover.
