Mortgage Product Guide

Kitara Bank mortgage for buying or building a home in Uganda.

Amount and tenor

We lend up to 80 percent of the valuation, so the customer pays a deposit of at least 20 percent. The loan runs for up to 20 years. The maximum amount is UGX 800,000,000.

Cost

The interest rate is 16.5 percent a year, variable. The rate may change when the Kitara base rate changes, and we write to you one month before. The arrangement fee is 1 percent of the loan. Valuation and legal fees are paid by the customer.

Requirements

Land title in the name of the seller or the buyer, a sale agreement, three months of payslips or six months of business statements, and life cover on the borrower for the length of the loan.

Repayment

The repayment may not be more than 40 percent of net monthly income. Salaried customers repay by standing order from their Kitara account.
