School Fees Loan Product Guide

Kitara Bank School Fees Loan helps parents and guardians pay fees at the start of term.

Amount and tenor

Loans from UGX 500,000 up to UGX 15,000,000. Repayment is over up to 12 months. Many parents choose three instalments, one for each term.

Cost

The interest rate is 18 percent a year on the reducing balance. The processing fee is 1 percent of the loan.

Who can apply

Salaried customers whose employer pays into a Kitara account, and customers who have held a Kitara savings account for at least six months. The borrower must be a parent or legal guardian of the pupil.

How the money is paid

We pay the money directly to the school account, not to the borrower. The school confirms the pupil's admission and the fee amount in writing. The money is sent within two working days of approval.

Timing

Apply at least two weeks before the term starts. Applications in the first week of term are processed, but the school may charge a late fee.
